Future Health

Guiding the next decade of care in NSW 2022-2032
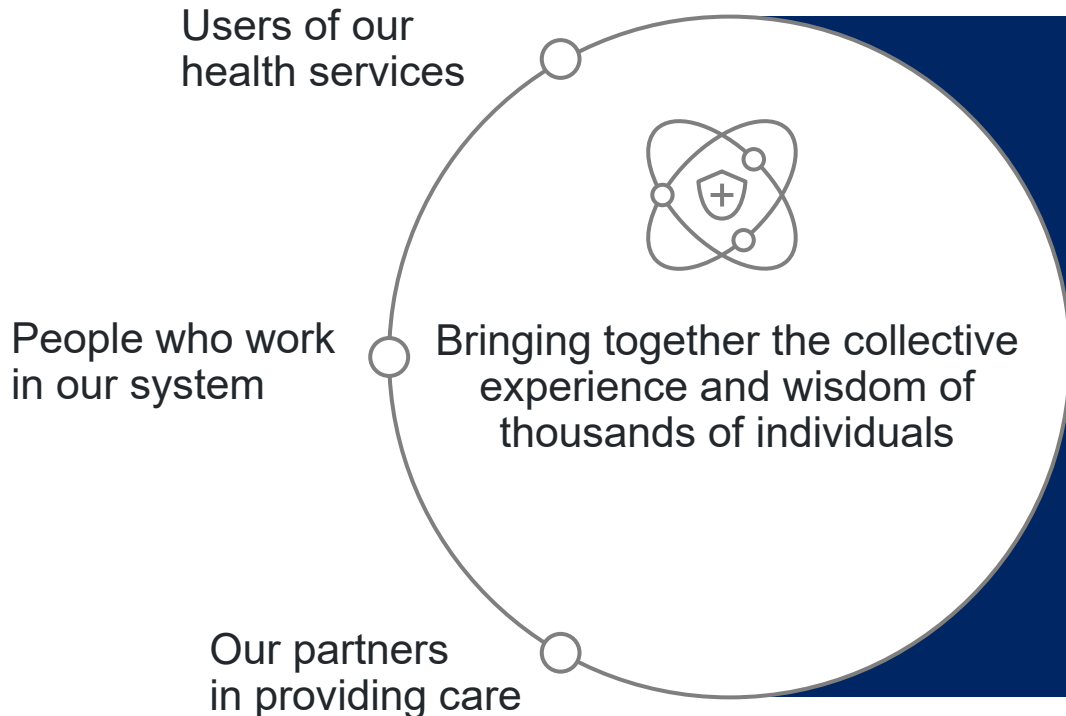

TRGs Round 8 Webinar

George Leipnik
Director, Strategy & System Priorities

MOH-FutureHealth@health.nsw.gov.au

6 March 2024

Future Health is our 10-year strategy to meet the needs of our patients, community and workforce

Users of our
health services

Bringing together the collective
experience and wisdom of
thousands of individuals

People who work
in our system

Our partners
in providing care

Future Health was developed to help ensure every NSW citizen benefits from a stronger, more effective, future ready public health system

Future Health sets a bold vision for the future; the system identified the direction ahead

People experience an **integrated and seamless** health system, regardless of who provides the services

Recognising the importance **of partnering with the community and patients** to make shared decisions about their care

Strengthening **the role of partners** in delivering safe care across all settings and addressing the social determinants of health

Increasing **virtual care and community care** where appropriate to support more personalised care, better outcomes and experiences

Stronger investment in **wellness, early intervention, and delivery of care in community settings**

Emphasis on equitable health outcomes for **rural, regional and vulnerable** populations

Accessible, transparent and **connected data** that includes patient insights

Aligning performance, purchasing and funding processes with the **outcomes** of Future Health

Future Health: Strategic Framework

Guiding the next decade of care in NSW 2022-2032

Our Vision

A sustainable health system that delivers outcomes that matter most to patients and the community, is personalised, invests in wellness and is digitally enabled.

Our Values:

Collaboration
Openness
Respect
Empowerment

Strategic outcomes	Key objectives
Patients and carers have positive experiences and outcomes that matter: People have more control over their own health, enabling them to make decisions about their care that will achieve the outcomes that matter most to them.	1.1 Partner with patients and communities to make decisions about their own care 1.2 Bring kindness and compassion into the delivery of personalised and culturally safe care 1.3 Drive greater health literacy and access to information 1.4 Partner with consumers in co-design and implementation of models of care
Safe care is delivered across all settings: Safe, high quality reliable care is delivered by us and our partners in a sustainable and personalised way, within our hospitals, in communities, at home and virtually.	2.1 Deliver safe, high quality reliable care for patients in hospital and other settings 2.2 Deliver more services in the home, community and virtual settings 2.3 Connect with partners to deliver integrated care services 2.4 Strengthen equitable outcomes and access for rural, regional and priority populations 2.5 Align infrastructure and service planning around the future care needs
People are healthy and well: Investment is made in keeping people healthy to prevent ill health and tackle health inequality in our communities.	3.1 Prevent, prepare for, respond to and recover from pandemic and other threats to population health 3.2 Get the best start in life from conception through to age five 3.3 Make progress towards zero suicides recognising the devastating impact on society 3.4 Support healthy ageing ensuring people can live more years in full health and independently at home 3.5 Close the gap by prioritising care and programs for Aboriginal people 3.6 Support mental health and wellbeing for our whole community 3.7 Partner to address the social determinants of ill health in our communities
Our staff are engaged and well supported: Staff are supported to deliver safe, reliable person-centred care driving the best outcomes and experiences.	4.1 Build positive work environments that bring out the best in everyone 4.2 Strengthen diversity in our workforce and decision-making 4.3 Empower staff to work to their full potential around the future care needs 4.4 Equip our people with the skills and capabilities to be an agile, responsive workforce 4.5 Attract and retain skilled people who put patients first 4.6 Unlock the ingenuity of our staff to build work practices for the future
Research and innovation, and digital advances inform service delivery: Clinical service delivery continues to transform through health and medical research, digital technologies, and data analytics.	5.1 Advance and translate research and innovation with institutions, industry partners and patients 5.2 Ensure health data and information is high quality, integrated, accessible and utilised 5.3 Enable targeted evidence-based healthcare through precision medicine 5.4 Accelerate digital investments in systems, infrastructure, security and intelligence
The health system is managed sustainably: The health system is managed with an outcomes-focused lens to deliver a financially and environmentally sustainable future.	6.1 Drive value based healthcare that prioritises outcomes and collaboration 6.2 Commit to an environmentally sustainable footprint for future healthcare 6.3 Adapt performance measurement and funding models to targeted outcomes 6.4 Align our governance and leaders to support the system and deliver the outcomes of Future Health

Future Health identifies the key priorities over the next decade across six core strategic outcomes.

NSW GOVERNMENT

Considering the impact on Future Health Strategic Outcomes

2024

HEALTH+MEDICAL RESEARCH
—
Translational Research
Grants Scheme
Round 8

Guidelines for Applicants v1.0

NSW GOVERNMENT

Applicants need to demonstrate:

- How does your proposed research question relate to the vision?

- The potential for proposed research to <u>achieve impact</u> against one or more of the Strategic Outcomes of Future Health

- How will this impact be measured?
